

Dear Mare Owner,

Thank you for your inquiry about our stallions, **Art Deco**, **Hall of Fame** and **State of the Art**. We feel this is the most unique and spectacular collection of stallions available for sport horse breeding.

***Art Deco** is Approved by Oldenburg and I.S.R. He has proven his ability in the show ring and is currently competing at Intermediate II and Grand Prix. In his first Grand Prix Art Deco scored a 58.7% he received 7's and 8's for his piaffe and passage and won his class he has also qualified at Grand Prix with scores into the 60's for the championships and Dressage at Devon. He has had scores to 70.9% at the FEI levels. He is stamping his foals with powerful movement, elegant conformation and the temperament needed to compete in the show ring. He has thrown 75% pinto color every year and his 92 and 93 foal crop is 80% pintos.

***Hall of Fame**, Art Decos' young son, has at four years of age already compiled an impressive show record in both dressage and hunters. He is also approved for the Oldenburg and I.S.R., with a score of 7.5 that put him in first place out of twelve stallions presented at Hill Top Farm. His first foals show all the exceptional traits of their sire. Gold Card, Hall of Fame's' first foal, won his sport horse breeding class with 16 entries and others are now winning and pinning on the line. His foal crops have been 80% Pinto colored. Hall of Fame is winning undersaddle classes scoring in the 70% at first level. In 1994 he qualified for the BLM champion ships with the highest score ever for first level. He won his first time out at second level dressage. In the early spring of 1995 he was show in A rated hunters in the green conformation divisions and was Grand Champion or Reserve almost every time out. He will also be showing him in 2nd-3rd level dressage and jumpers/hunters in 1996.

***State of the Art**, a homozygous (will produce 100% Pinto color guaranteed) son of Art Deco, is a stunning black and white pinto. With limited showing he is already pinning in Dressage. He will also be campaigned in eventing, because of his outstanding jumping ability, stamina and boldness.

Art Deco is an imported registered Dutch Warmblood. His sire Samber, an A approved stallion standing in Holland, competed at the Grand Prix level dressage and at the Z level in jumping. The Z level is equivalent to our national levels. He also received an incredible 10 for temperament in his 100 day testing. **Art Deco** is out of Zorba a Ster, Preferent Dutch mare. Ster and Preferent are two of the highest ratings given to Dutch mare based on their qualities, and that of their offspring. **Hall of Fame** is out of Strike Bound a Dutch approved Thoroughbred mare.

Silverwood Farm is located in Lovettsville Virginia. Visitors are always welcome with an appointment. We'd love to show you our horses and meet you., but if you can't make the trip we do have a video available, with a \$30.00 refundable deposit. If you have any questions please feel free to contact us. Thank you.

Sincerely,

Elizabeth Potter-Hall

Elizabeth Potter-Hall
President of Silverwood Farm

*Please note: These stallions are **NOT** verified or participating in the NA/WPN (North American Dutch WB. Assc.)
